A MESSAGE FROM THE PRESIDENT CONCERNING AN
URGENT NEED OF BOOKS FOR THE CLUB LIBRARY

At this time I wish to bring an important matter to the attention of all members, "the improvement of our club library" of which in short has very few books to offer at present.

Recently a committee was formed to direct such matters of purchasing literature etc; and to plan various methods of improving the library. I am confident that they will in time overcome the problems and merge successful in the new project. This can only be achieved with your help by sorting out a book or two that will be of interest to other members, or by donating to the library fund.

Our purpose of this venture is to establish a collection of numismatic literature relating to all branches of this fascinating hobby, and I have no need to describe how beneficial it would be to all of us.

Such a collection of good numismatic books will not be an overnight achievement, but when accomplished will be a valuable asset to the club, and will also serve as an attraction to anyone inquiring of membership.

Our third aim is to promote the library in various ways to keep members well informed of new books etc; and if by doing this a waiting list for books is created, we the committee will be well satisfied.

The first step will be to purchase basic reference books, before this is done we would like to know what fields of numismatics the members are interested in.

Please complete the following questionnaire and return to the chairman of the library committee, Mr H.C. Rhodes, 54 Thorncliffe Park Drive Toronto 17, or bring to the next meeting.
