## LAST MEETING:

The 246th meeting of the N.Y.C.C. opened with the On Time Attendance Draw. Present were 44 members and 11 guests to witness the name of Harry Scheinman drawn, and as he was in attendance, he claimed the \$6.00 prize. May's draw will resume with a prize of \$2.00.

Al Cornish was called upon to present a brief summary of the Coin Week Canada activities. He thought the displays manned in libraries throughout North York were a success and he graciously thanked everyone who participated in the event. Other members were then called upon to give their thoughts on Coin Week Canada.

The guest speaker at last month's meeting was also Al Cornish, who presented a talk on "What Interests the New Collector in Canadian Coinage". His excellent speech centered around the various enjoyments and pitfalls that face the novice collector in numismatics today. The talk fuelled much discussion during the question period towards the end, and many thanks should be extended to Mr. Cornish for his efforts.

Dr. Marvin Kay also gave an interesting talk on a Nobel prize winning physician, a Dr. Robert Kolk, who is credited with the discovery of the cause of tuberculosis. Dr. Kay then presented a display of medals and books associated with Dr. Kolk.

The design of the 1982 Canadian Silver Dollar was revealed by the chair. The new dollar depicts the theme of the fathers of Confederation.

Jean Orr was back with us for the April meeting and assisted during break with refreshments. A hearty "Welcome Back" can be offered by the club to her.
